## **TEACHER CERTIFICATION: ELIGIBLE CRITERIA**

The fellowship in ECMO teacher must fulfill the following criteria:

1. The teacher must be a life member of IACTA.
2. The teacher should not have any disciplinary action against him in past.
3. A postgraduate qualification (MD/DNB in Anaesthesia) from a recognized university/national board with at least 10 year experience in cardiac anaesthesia/critical care in a recognized major hospital or institute. Out of 10 years, at least 3 years should be in a cardiac anaesthesia teaching hospital. (A teaching hospital is one where a DM/DrNB/FNB/FIACTA in Cardiac Anaesthesia is going on.
4. The center should have a minimum turnover of 40 cases per year with mechanical circulatory support/ECMO. They must devote most of their professional time in mechanical circulatory support/ECMO.
5. He/she must be competent in different clinical/administrative skills required for initiation and management of mechanical circulatory support/ECMO.
6. He /she must have the time and dedication to fulfill the teaching responsibilities.
7. The teacher must demonstrate commitment to training and practice by participating/ associating with regional, national or international CME's, seminars and conferences (preferably as a faculty) and associating with the regional, national or international mechanical circulatory support/ECMO.
8. He / she must exhibit active interest in medical research, scientific presentations or publications in or related to the field of mechanical circulatory support/ECMO.
9. Should have 5 publications in peer reviewed indexed journals as one of the first three authors or the corresponding author. Case reports / E journals are not acceptable. Out of the 5 papers, 2 papers should be related to mechanical circulatory support/ECMO. These are the publication criteria to begin with an intent to be reviewed depending on the number of applications for the FECMO teacher/examiner.
10. All supervisors from the centers which are recognized as centers for FECMO are automatically an examiner for the exit exam of Fellowship in ECMO examiner.
11. A person having at least 100 cases of ECMO and more than 15 experience in cardiac anaesthesia may be made examiner.
